GUARANTEED NETWORKS WINS BEST END-USER PROGRAM 2005

June 24, 2005 -- Ottawa, ON -- "Guaranteed Networks", the flagship service product of West Palm Beach based SLPowers was selected among N-able Technologies' 600 partners, across North America and Europe, as the "Best End-User Program" for 2005, at their 2nd Annual Partner Summit.

Guaranteed Networks (GN) turns around the traditional pay-as-you-go model for IT support, in favor of an all encompassing support package for a flat monthly fee. GN includes remote network monitoring, remote desktop support, automated patch management and more, which virtually eliminates emergencies service calls, customer downtime, and maximizes a company's return on their IT investment.

SLPowers was also inducted into the N-able Technologies Million Dollars Club, reserved for managed services provider that use the N-able monitoring platform and bill over one million dollars per year in managed services revenue.
